About Susanne

[Susanne Tedrick](#) currently works as a cloud infrastructure specialist and is the author of the critically-acclaimed book, "[Women of Color in Tech](#)" for John Wiley & Sons. Fiercely committed to increasing the participation of women and people of color in STEM professional opportunities, Susanne performs community service work for several non-profits, including serving as Vice Chair of the [Advancing Tech Talent and Diversity Executive Council](#) for CompTIA and as a coalition member for the [Command Shift](#) initiative for NPower.

Susanne is the winner of CompTIA's 2020 Diversity Technology Leader Spotlight Award, for her advocacy for increased diversity, equity, and inclusion in the tech industry.

Wiley Diversity in Tech Webinar Series

In May 2021, Susanne became a producer and host of a bi-monthly webinar for Wiley on diversity in tech. The series aims to discuss the multiple facets of diversity that exists, and how the tech industry to help advance diversity and inclusion in the field.

The first webinar, *Becoming Better Allies*, debuted on May 13, 2021 with panelists Marc Bulandr, Val Haskell, Bertina Ceccarelli and Kirk Yamatani.
